PRESS RELEASE

March 18, 2010

RE: Waukesha County Bar Association Judicial Qualification Balloting Results

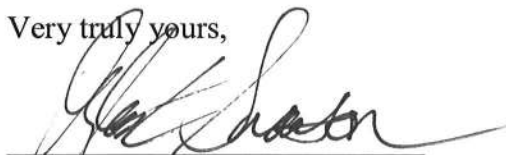

The Waukesha County Bar Association announces the results of its annual Judicial Qualification Poll of its membership today. This poll was conducted in preparation for the April 6, 2010 general election for the Wisconsin Court of Appeals District II, and for Waukesha County Circuit Court Branch 2 judicial races.

Ballots were sent to the Association's membership. Of 537 ballots mailed out, 206 valid ballots were returned and publicly opened and counted by members of the Judicial Qualification Committee at the office of Bar Member, Sam Benedict, on March 18, 2010.

Members were asked to rate each candidate as "highly qualified", "qualified", "not qualified" or "no opinion". The committee's tabulation of the results of the poll is attached to this press release as a separate page.

You will note that the total ballots for each candidate may not total the number of valid ballots received. In some instances the voter failed to mark any column including the "no opinion" column.

Very truly yours,

President

Waukesha County Bar Association

**Waukesha County Bar Association
OFFICIAL BALLOT RESULTS 2010**

(Note: If you do not have sufficient knowledge of the candidates to be able to render an informed opinion on their qualifications, please mark the "No Opinion" option.)
