PRESS RELEASE

March 16, 2011

RE: Waukesha County Bar Association Judicial Qualification Balloting Results

The Waukesha County Bar Association announces the results of its annual Judicial Qualification Poll of its membership today. This poll was conducted in preparation for the April 5, 2011 general election for the Wisconsin Supreme Court, and for Waukesha County Circuit Court Branch 3, Branch 4, and Branch 11 judicial races.

Ballots were sent to the Association's membership. Of 556 ballots mailed out, 191 valid ballots were returned and publicly opened and counted by members of the Judicial Qualification Committee at the office of Bar Member, Sam Benedict, on March 16, 2011.

Members were asked to rate each candidate as "highly qualified", "qualified", "not qualified" or "no opinion". The committee's tabulation of the results of the poll is attached to this press release as a separate page.

You will note that the total ballots for each candidate may not total the number of valid ballots received. In some instances the voter failed to mark any column including the "no opinion" column.

Very truly yours,

President
Waukesha County Bar Association
