Municipal Law Section**

NOTICE OF MEETING

TOPIC: We are pleased to welcome to our meeting the counsel for the League of Wisconsin Municipalities, Claire Silverman and Daniel Olson. Claire and Dan will share ideas about the controversial position recently taken by the State Department of Workforce Development (DWD). The DWD has alleged that developers must pay DWD determined prevailing wages on all projects that will become municipally owned, including subdivision improvements, even though the work is being performed by private developers. Many municipalities have been challenged by the DWD on this issue, and it will significantly impact upon development throughout the State if the DWD's interpretation is upheld. Aside from discussing this significant issue, this is a great opportunity to meet and discuss ideas with our friends Claire and Dan, who are dedicated experts in our field of law.
